NOAA GRANTS ADMINISTRATION: THE WAVE OF THE FUTURE

NOAA's Grants Management Division in collaboration with NOAA line offices, the Department of Commerce, Federal Assistance Law Division and the Office of the Inspector General is conducting a 1½-day Program Officer/Program Office Personnel training session followed by a 2-day award recipient training session. Workshops will provide valuable information regarding NOAA program objectives, changes in internal operations, and amendments to the governing statutes. Topics impacting the Division's ability to award and administer federal funding to recipients and work collaboratively with Program Offices will be covered and are outlined on the Web.
